AMENDMENT

Dear Sir:

In response to the Office Action mailed May 7, 2002, please enter this
amendment and consider the following remarks.

IN THE SPECIFICATION

Please replace the paragraph on page 15, lines 4-10 with:

During the document storage process, the FMA creates appropriate directories, moves the document to the appropriate directory and updates the master list. The metadata file of the document to be stored is accessed and information from its "Capture data" field is retrieved, 270. If the document's "Capture date" or even the metadata file does not exist, 272, then the current system time is obtained and used as the document's "Capture date," 274. If, however, the document's "Capture date" does exist, 272, the system determines whether an appropriately named directory exists.

Please replace the paragraph on page 20, lines 6-13 with:
